 - ii. August 2019 (Attachment C2)
- 8. Nhu Energy Lease—Ron Miller (Attachment D1 & D2)

Nhu Energy is currently leasing a total of 486 square feet in 3 offices in the Knight Building for \$641.88 per month. As a result of the relocation of LCRDA offices and the Authority's exploration of alternative uses for the Knight Building, the Authority has given notice to the tenant that it is exercising a lease provision requiring the tenant move to other space owned by the Authority upon 45 days' notice. The tenant was offered comparable 587 square feet (101 more square feet) in the Morgan Building at their same current monthly rate, and the Authority would pay for the cost to relocate.

The tenant requests it be allowed to relocate to a 1,280 square feet suite in the Morgan Building at the same current monthly lease rate for one year with the provision that if another tenant is found to lease the space, they would be given the option to: 1.) have the rent adjusted up to what it would be based on the current per square foot lease rate and stay in that space, 2.) downsize to other space at the current per square foot lease rate, 3.) or relocate. The tenant's proposal is reflected in the attached email.

The "incentives" requested by tenant exceed the Executive Director's authority to approve. The Executive Director requests the Board's direction in this matter given the following options:

- a. Authorize the Executive Director to enter into a lease with tenant based on the tenant's request as detailed above and pay for the cost of relocating the tenant.
- b. Authorize the Executive Director to enter into a lease with tenant based on tenant's preference of the following:
 - *i.* Accept comparable Morgan Building space adjoining rooms 210, 211 and 212 which total 587 square feet at same monthly charge of \$641.88 and pay for the cost of relocating the tenant.
 - *ii.* Accept any available space the tenant desires in the Morgan Building at a charge of \$641.88 per month plus \$15.85 per square foot (current annual rate per square foot) greater than 587 square feet. Authority pays for cost of relocation.
 - iii. Remain in the Knight Building under current terms and conditions without the provision for breakroom and conference room furniture and equipment, copier, or internet. Tenant may remain until such time as alternate use of Knight Building is determined, or vacancy of the building is necessary to make such determination. At such time relocation is required, tenant would be required to accept either options (i) or (ii) above at the then current lease rates, or the lease would be terminated with 45 days' notice.
- c. Terminate the lease with 45 days' notice.
- d. Other options as directed by the board.
- 9. Property & Casualty Insurance Renewal (*Attachment E*)

Staff requests approval of Brown and Brown's proposal to renew and bind property & casualty insurance with incumbent carriers at a total annual premium of \$55,278.42, an increase of \$2,320.99 (4.4%) over the prior year and reflects impact of hurricanes, an increase in property values and increased business income coverage due to rising lease income. In addition, staff request approval to add \$500,000 of Cyber Liability Coverage with an annual premium of \$661.08. The renewal policies are under the same terms and conditions. Consistent with the broker agreement the broker did seek proposals from competing carriers this year—that information is attached to the proposal.

10. Draft Budget FY 2019-2020 (Attachments F1-F6)-April Salter, Treasurer

The Budget Committee was unable to meet due to the lack of a quorum. Staff requests board approval of the draft budget for fiscal year 2019-20. The attached narrative explains any significant changes to the budget from prior years.

11. Funds Designated for Capital Projects-Ron Miller

As reported in the footnotes to the Authorities Audited Financial Statements, the Board of Governors previously designated unrestricted net position for future capital projects in the amount of \$1.4 million as well as designated cash and cash equivalents in the same amount. "Designated" funds and net position are "unrestricted" in that the designation is established by the Board to indicate the intended use of funds, but that designated to future capital projects to \$1.8 million to reflect the Board's formal commitment of matching funds toward the EDA grant.

12. Bank Resolution and other Financial Transactions Authorization (Attachment G)

Staff requests the Board's adoption of the attached bank resolution authorizing the officers of the Board of Governors and the Executive Director to exercise the powers listed on the resolution, and approval for the current officers to execute any other forms necessary to perform credit card

authorization, wire transfers and investment related transactions consistent with policies, procedures and bylaws of the Authority.

13. Innovation Park Tallahassee, Inc. (IPTLH) Board Appointments

According to the IPTLH Bylaws, the Authority's Board has the right to appoint the majority of the IPTLH Board. Kim Williams, Vice President of IPTLH, resigned his position on the IPTLH Board effective August 28, 2019. David Ramsay, President of IPTLH, term as Chair of the Authority ends September 30, 2019. Staff recommends David Ramsay resign from the IPTLH Board effective upon the election of new Authority officers and that the new Authority officers be appointed to the IPTLH Board as follows Kim Moore, President and Eric Holmes, Vice President. April Salter remains Treasurer of the Authority Board, and Secretary/Treasurer of the IPTLH Board.

14. Executive Director Annual Review (Attachments H1 – H2)—Kimberly Moore, Chair

The Employment Agreement with the Executive Director, as amended in 2015, requires in part: Paragraph 3(d), "On or before September 30th of each subsequent year, throughout the term of this agreement, the Authority will conduct an evaluation of the Employee's performance"; and, Paragraph 4(a)(iii), "On or before September 30th of each subsequent year, The Board of Governors shall provide adjustments to the Base Salary, based upon the Employee's performance evaluation and completion of goals and objectives, as set forth annually in advance and in writing by the Board of Governors, and agreed to by the Parties ("Merit Pay Adjustments"). Goals and objectives shall be specific, measurable, achievable, realistic, and timely in accordance with good goal setting practices."

A summary of board member evaluation responses, and the Executive Director's Salary History is attached. The 2019 Compensation Committee's "Conclusions and Recommendations" to the Board concluded the "Executive Director's compensation is in line with AURP salary range \$75,000 to \$174,999 considering similar geographic location, population and budget."

8. RFP 19-03 Janitorial Services Contract Award

Staff and NAI Talcor recommend the award of an agreement with Juanita Ross-Dilworth DBA M&J Cleaning Services for the provision of Janitorial Services. As shown in the attached financial summary, the average cost per square foot for the term including optional extensions is \$0.077 for an average total cost of \$41,303.76. M&J Cleaning Services was the lowest bidder.

John Dailey offered a motion to award the Janitorial Services Contract to M&J Cleaning Services. Eric Holmes seconded the motion which passed unanimously.

9. Compensation Committee Conclusions and Recommendations

The Compensation Committee requests acceptance of its conclusions and approval of its recommendations as reflected in its report and in its approved changes to the policy "11-01 Personnel Policy."

Kimberly Moore identified the committee members and reviewed the Compensation Committee action and conclusions and explained the recommendations. Chair Dave Ramsay thanked the Committee for its service and acknowledged staff and shared his appreciation for their professionalism. Kristian Dozier noted the assistance provided by the County Administrator.

John Dailey offered a motion to accept the conclusions and recommendations of the Compensation Committee. Eric Holmes seconded the motion which passed unanimously.

10. QuarryBio Lease

Staff requests approval of a 3-year non-cancelable lease with QuarryBio for 1,070 square feet of lab space in the Collins Building at \$17 per square foot to commence upon execution by both parties. QuarryBio (formerly ReclaimRx) is a past TechGrant winner. Its mission is to provide high resolution protein analysis for routine applications in biologic drug discovery, development, and manufacturing. They developed a unique mass spectrometry based covalent labeling method.

John Dailey offered a motion to approve the QuarryBio lease. Kimberly Moore seconded the motion which passed unanimously.

11. Collins Lab Budget /Floor Repair and Tile Replacement

Staff requests amendment of the Collins Building budget to increase repairs and maintenance expenses by \$20,770 to allow for filling the trench drains, replacement of flooring, and repair of the fume hoods and replacement other equipment in the Collins Building lab. Further, Executive Director requests ratification of his selection of lowest bidder Sapp Contractors for the floor repair and vinyl tile replacement in the lab at a cost of \$11,270 (included in the budget amendment).

John Dailey offered a motion to amend the Collins Building budget and ratify the Executive Director's selection of Sapp Contractors. Eric Holmes seconded the motion which passed unanimously.

Staff requests approval to amend and increase the capital budget by \$25,000 for the purchase of furniture and fixtures for the Collins Building, and \$3,000 for relocation expenses.

John Dailey offered a motion to amend the Collins Building capital budget. Eric Holmes seconded the motion which passed unanimously.

13. Election of Officers – Melissa VanSickle, General Counsel

Bylaws section 2.5(a). The election of the Officers of the Authority shall occur at the last meeting of the Board each fiscal year, with the term in office to begin October 1 of the next fiscal year. All Officers shall hold office strictly at the pleasure of the Board.

After discussion, Kimberly Moore agreed to be nominated as Chair, Eric Holmes agreed to be nominated as Vice Chair, and April Salter agreed to continue to serve as treasurer.

John Dailey offered a motion to nominate the slate of officers: Kimberly Moore (Chair), Eric Holmes (Vice Chair) and April Salter (Treasurer). Eric Holmes seconded the motion. There were no other nominations from the floor. The slate was approved by unanimous vote of those present: Dave Ramsay, Anne Longman, Kristin Dozier, Keith Bowers, John Dailey, Paul Dean, Kimberly Moore, Eric Holmes, April Salter.

14. Marketing Plan Discussion Denise Bilbow, Director of Programs & Communications

The 2019-2021 Strategic Plan calls for the development of a marketing plan for the Park with novel approaches and improved information about Park assets, and to partner with OEV to recruit private companies to the Park.

Denise Bilbow reviewed the current communications and competitive analysis, identified the market competition and target audiences, and incubator marketing strategy, and provided an overview of the best approaches to digital media (the main focus), owned media, events, and partnerships.

15. Chair's Report

i. Board Seat Vacancies

Dave Ramsay reviewed the nomination process. Anne Longman will be the Board of Governors' representative on the Leon County nominating committee. Ron Miller reviewed some of the current list of applicants. The Board discussed both the service on the Board of Governors and on the advisory group that will serve Innovation Park TLH, Inc. and the incubator. Ron Miller will forward all the applications to each of the Board of Governors members for their individual review. Kristin Dozier noted that she will not review the applicants with other County Commissioners as she will be voting on the nominations as a County Commissioner at the Sept. 17, 2019 Commission meeting. The Board does not make any recommendation by vote as to any of the applicants, but individual Board members, or Board officers, may offer their input to the Executive Director, who can share it with the Board representative on the Nominating Committee.

16. Staff Reports

i. Executive Director

1. Collins Incubator Name/Initial Member Agreements

After discussion, the d/b/a name "North Florida Innovation Labs" was agreed upon.

Shawnta Friday-Stroud joined the meeting at 12:25pm.

Paul Dean offered a motion to name the new incubator "North Florida Innovation Labs." Kimberly Moore seconded the motion which passed unanimously.

- 2. DRC resignation/vacancy: Pat Hoy resigned from the Development Review Committee and the Board will appoint a replacement at its next meeting.
- 3. Trail Status-Bids received: Construction should start in the next few weeks, completed late September / early October.

SECURITY DESCRIPTIONS:

- FL PRIME SBA Florida Prime The Local Government Surplus Funds Trust Fund (Florida PRIME) was created by an Act of the Florida Legislature in 1977 and currently serves over 800 participants across the state. Invests exclusively in short-term, high-quality fixed-income securities rated in the highest short-term rating category by one or more nationally recognized statistical rating organizations, or securities of comparable quality. Seeks to maintain a \$1.00 value and maintain a weighted average maturity of 60 days or less, with the maximum maturity of any investment limited to 397 days. Rated AAAm by Standard & Poor's, the highest rating available for a local government investment pool. Complies with legislation that requires numerous operational and reporting enhancements, including restating investment objectives to emphasize safety, liquidity and competitive returns with minimization of risks; and providing for enhanced internal controls, transparency and communication. Federated Investors has managed the assets of Florida PRIME to the exact specifications of its investment policies since February 13, 2008.
- SPIA Florida Treasury Special Purpose Investment Trust The Florida State Treasury operates a special investment program for public entities other than the State. This program is authorized in Section 17.61(1), Florida Statutes and is called the Treasury Special Purpose Investment Account (SPIA). Component units of the State. Universities, or Colleges that are created by the Florida Constitution or Florida Statutes are eligible to invest in SPIA. Current non-component unit participants, like the Authority, are allowed to stay in the program with capped investment limits and a minimum balance equal to 60% of the previous 3 months average balance. Liquidations in excess of the minimum balance require 6 months' notice. SPIA funds are invested in the same portfolio as Treasury funds, so the pool of funds has a stable base of funds (over 85% of the funds are captive trust funds) not needed for immediate disbursement. These funds are invested in a combination of short-term liquid instruments and intermediate-term fixed income securities. This "barbell" investment strategy, along with incremental income produced by securities lending, has the ability to return higher yields than a typical money market fund. Participants have the ability to invest and obtain fund withdrawals same day with an 11:00 a.m. deadline for notifying the Treasury. The SPIA maintains a credit rating of A+f by Standard & Poor's.

Liquidations in excess of the minimum balance require 6 months' notice. SPIA funds are invested in the same portfolio as Treasury funds, so the pool of funds has a stable base of funds (over 85% of the funds are captive trust funds) not needed for immediate disbursement. These funds are invested in a combination of short-term liquid instruments and intermediate-term fixed income securities. This "barbell" investment strategy, along with incremental income produced by securities lending, has the ability to return higher yields than a typical money market fund. Participants have the ability to invest and obtain fund withdrawals same day with an 11:00 a.m. deadline for notifying the Treasury. The SPIA maintains a credit rating of A+f by Standard & Poor's.

Subject:	RE: Lease Extension - Nhu Energy

Good Morning Ron,

I have a proposal to discuss regarding our lease renewal, particularly regarding being required to relocate not long after the start of the next lease period.

As you know, having now looked at both Collins and Morgan buildings, I find a number of spaces in Morgan that would meet our needs, with a preference for the ones configured as suites. Most of the rooms and spaces are large. Even getting a few rooms similarly configured as we have now with windows ends up being at least 2-4 times our current square footage, and, consequently a big jump in rent.

That being said, it would be nice to have a little more space to begin to expand our lab and offices and prepare for the future. Given LCRDA is not just a property owner, but, has as part of its mission helping startup ventures and growing Tallahassee's tech-based economy, and, given there's a high likelihood, with the Tallahassee market, that a large amount of space in both buildings will remain vacant for the next year, I would like to propose the following:

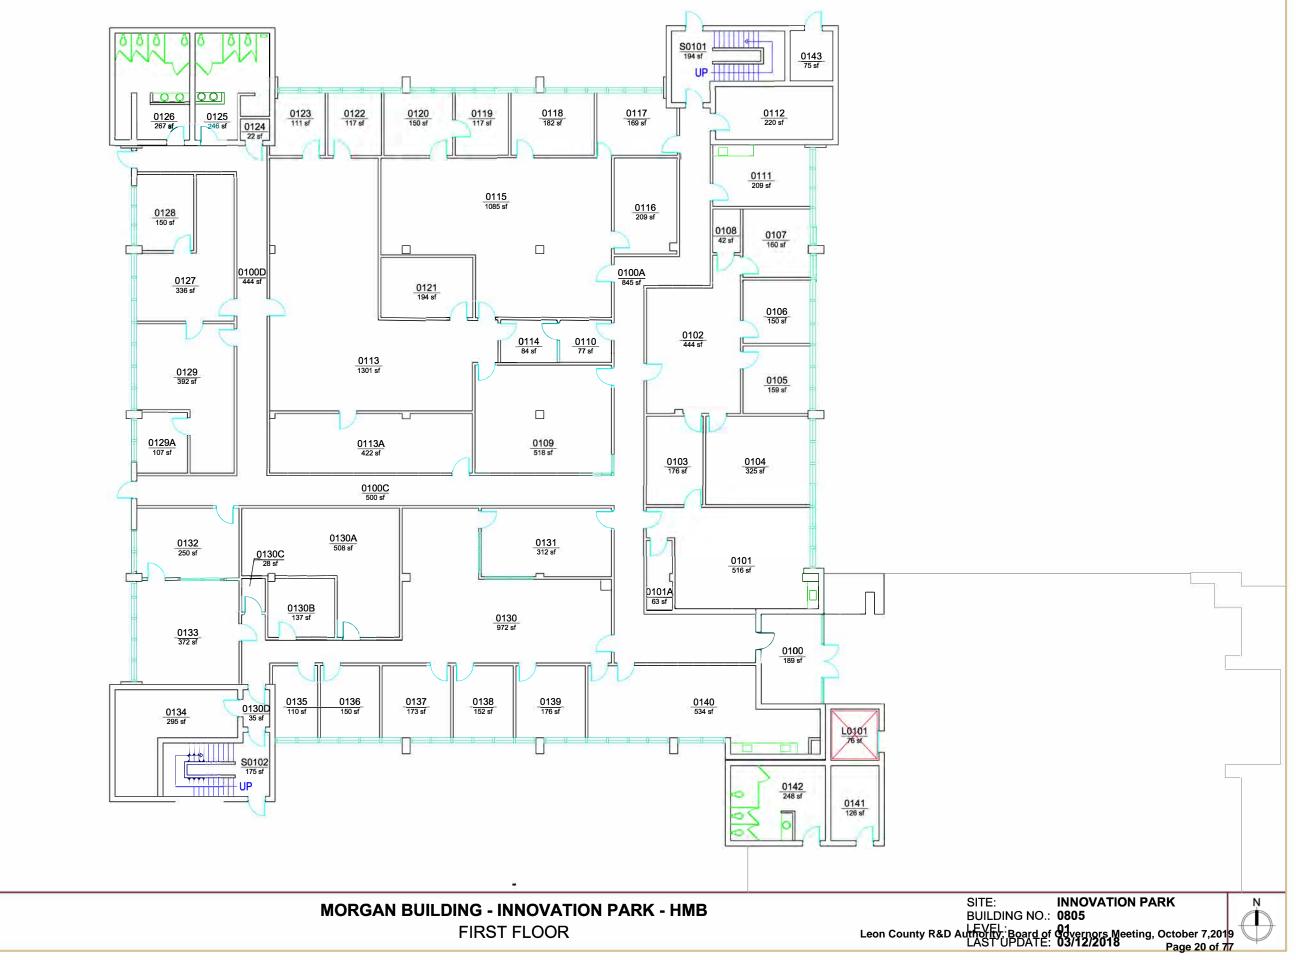

- 1. We relocate to a suite on the first or second floor (I have found several that will work, but, probably the one near the conference room on the 1st floor).
- 2. Since this will be larger than what we have now, and given that we are required to move, we pay the same rent we're paying now. This helps us out though, as it is moving the direction we hope to be in terms of space needs during and by the end of the next lease period.
- 3. In the unlikely event there's a great demand for space in Morgan, we would be given the option to have the rent adjusted up to what it would be based on the normal per square foot lease rate we pay now and stay in whatever space we're occupying, have it similarly adjusted and downsize to in space, or relocate.

At next year's renewal time, if we're doing well and growing, we would then hope to continue to need whatever space we're in and then some, and renew at the normal per square foot rate.

We would prefer to continue to be located in and grow in Innovation Park. This would be meaningful help on the part of the LCRDA in organically growing a true high-tech venture with strong ties to FSU's research and education institutions in the park, at no cost or risk to the LCRDA, because either much of the space will be empty anyway, or if demand proves otherwise, our rent and possibly space could be adjusted accordingly.

Let me know if this idea is a workable in some form. I have to go out of town this afternoon through the 8/6, but plan to be by this morning. Will you be around (probably between 11:30-noon, but could come a different time between now and 12:30)?

Thanks, Rick

RELATED INFORMATION

Compensation: In addition to the commissions or fees received by us for assistance with the placement, servicing, claims handling, or renewal of your insurance coverages, other parties, such as excess and surplus lines brokers, wholesale brokers, reinsurance intermediaries, underwriting managers and similar parties, some of which may be owned in whole or in part by Brown & Brown, Inc., may also receive compensation for their role in providing insurance products or services to you pursuant to their separate contracts with insurance or reinsurance carriers. That compensation is derived from your premium payments. Additionally, it is possible that we, or our corporate parents or affiliates, may receive contingent payments or allowances from insurers based on factors which are not client-specific, such as the performance and/or size of an overall book of business produced with an insurer. We generally do not know if such a contingent payment will be made by a particular insurer, or the amount of any such contingent payments, until the underwriting year is closed. That compensation is partially derived from your premium dollars, after being combined (or "pooled") with the premium dollars of other insureds that have purchased similar types of coverage. We may also receive invitations to programs sponsored and paid for by insurance carriers to inform brokers regarding their products & services, including possible participation in company-sponsored events such as trips, seminars, and advisory council meetings, based on the total volume of business placed with the carrier you select. We may, on occasion, receive loans or credit form insurance companies. Additionally, in the ordinary course of our business, we may receive and retain interest on premiums you pay from the date we receive them until the date the premiums are remitted to the insurance company or intermediary. In the event we assist with placement and other details of arranging for the financing of your insurance premium, we may also receive a fee from the premium finance company.

AGREED VALUE ENDORSEMENT IF APPLICABLE

<u>Coverages Provided</u>: The insurance company agrees to waive the Coinsurance Clause, thus eliminating your potential penalty for buying an inadequate amount of insurance to meet the Coinsurance requirement.

OR

CO-INSURANCE EXAMPLES IF APPLICABLE

The co-insurance clause is found in almost every property policy. It states that the insurance company will not pay the full amount of any loss if the covered property is, for whatever reason, covered for less than the required insurable value at the time of loss. Required insurable value equals the value of the covered property at the time of loss multiplied by the coinsurance amount.

Leon County R&D Authority Budget Narrative-Draft For the fiscal year ending September 30, 2020

Last Updated: 09/05/2019

The proposed budget reflects a Net Operating Loss of \$27,601 compared to the prior year budgeted Net Operating Income of \$1,009. Variances between the prior year budget and forecasted prior year amounts are included in an attached separate report.

Assumptions:

The budget is built based on all known leases, service contracts and other non-contractual service arrangements. Utilities, repairs and maintenance, and cleaning are based on historical experience with allowances for contingencies, and adjusted for known changes not included in historical experiences.

Significant changes from Prior Year BUDGET and other assumptions:

Revenue:

- July 30, 2019, FSU IT Services ended its short-term lease in the Morgan Building 4 months later than was budgeted in FY 2018-19. This ended lease will result in 6 months less rent than prior year budget decreasing revenue by \$110,133.
- QuarryBio has leased space in the Collins Building increasing revenue by \$18,190
- National Park Services lease in Johnson Building extends February, 2020 with an automatic rent increase resulting in increased revenue of approximately \$36,000
- FSU Anthropology lease renewal increased rents will increase revenue by approximately \$7,000.
- No revenue is included in the current budget for potential lease revenue from IPTLH for incubator space rent. Consideration for these rents will be negotiated with the IPTLH board once the incubator is activated.
- Other Program income increased \$15,000 for the final year of the FAMU EDA Grant with the last two years of the grant expected to be earning in the upcoming year. The total amount to be received from the 3-year grant did not change; only the timing changed.
- Interest Income has been estimated based on the expected investment balances. The prior year interest income was lower than actual based on expected declining investment balances to pay for expected capital investments that did not occur.
- While no significant budget changes are expected this year for the Phipps Building, the Florida Department of Transportation's lease expires 9/30/2022. The lease contains a five-year option to extend the lease at \$2.00 per square compared to its current rate of \$8.77 per square foot. This will result in a loss of approximately \$100,000 per year in revenue beginning 10/1/2022.

Authority Employee Expense:

• Salaries and wages include a \$5,000 (3.5%) increase for the Executive Director subject to approval by the Executive Committee, and 4% for remaining staff.

- The expense reflects estimated cost of changes in employee benefits as approved by the board such as Cell Phone reimbursement \$1080, and Life Insurance for full time employees \$3,852.
- The expense also reflects estimated cost increases in health insurance and other benefits.

Utilities:

• The decrease in utilities is primarily due to an expected decrease resulting from the IT Services lease ending March 31, 2019.

Maintenance & Repairs:

• The prior year included \$20,800 to paint the Phipps building as required by the lease.

Cleaning and Improvements:

• The current year includes \$15,000 for painting in the Johnson Building as required by the National Park Service lease.

Services:

• Services cost increases (\$4,687) include costs related to occupancy of the Collins Building particularly for janitorial services.

Administrative Expenses:

- EEP program expenses decreased \$5,800 due to reduction in food costs and offering program once per year.
- Marketing/PR was reduced by \$1,500 as a result of eliminating \$2,000 promotional video included in the prior year.
- General Authority Expense was reduced by \$3,000 of moving expenses in prior year.

Other Expenses (Talcor): The decrease is due to contract changes as a result of the RFP.

Property Insurance: P&C renewal quote has been received, and the premium is increasing \$1,308, or 2.3%.

Capital Budget:

- \$30,000 is provided in the event of the need to replace HVAC units.
- The prior year budget included \$1.8 million for Collins Building renovations. Subsequently, the Board voted to reduce the project to \$160,173 and use the \$1.8 million for matching funds toward a new building.
- The budget does not include any amounts related to the proposed new building and related grant funding.
- The prior year budget included \$34,500 for new furniture and lab equipment for the Collins Building
- Information has been provided in a separate report regarding deferred maintenance items.

Ron Miller, Executive Director 2019 Evaluation Summary: 08/03/2018 to 09/03/2019

Member	Strengths	Needs Improvement	Other Comments
Bowers	Ron has a firm grasp on the financial management of the authority. He has provided clear and concise financial reports to the board to assist us in making both short term and long term decisions that impact the fiscal soundness of the organization.	I think Ron could improve his visibility and engagement among certain stakeholders in the community. He does have a presence and has solidified the authority's value proposition with certain key stakeholders, but there has not been much engagement with the chambers of commerce that represent women and minority owned businesses.	none
Bye	knowledgable of each Board member and board operations.	Outreach to potential strategic partners and have a plan to discuss with Board and then with potential partners for future breakthrough development.	Good, solid executive director.
Dailey	none	none	none
Dean	Ron is understands the benefits of leveraging the LCRDA to be more inclusive with long-term needs of the Big Bend area. Ron continues to drive efficiencies in the financial management of the LCRDA. Ron takes full responsibility for the success of the LCRDA by improving outreach and ensures that the LCRDA has a seat at the table for critical initiatives that affect the Big Bend when it comes to driving innovation.	Needs to ensure that board members do not become comfortable and is always challenging the status quo. Encourage thinking out of the box approach to next level improvement and growth.	none
Dozier	none	none	none
Holmes	Has good control of the budget. Is diligent in managing/filling space in the properties.	none	Is very pleasant to work with.
Longman	Continued focus on both short-term and long-term goals.	I do not have any areas to identify that need improvement, I have not responded to areas which I do not have sufficient knowledge on, I do think the most difficult objective is to be nimble about our long-range goals.	Ron is very valuable to us as our executive director
Moore	Fiscal accountability and planning; Rapport with Board; Ability to carry out the direction of the Board.	There is an opportunity to increase messaging and recognition around the efforts of the Park to better position ourselves for support and future funding opportunities.	none
Ramsay	Ron was an exceptional hire for the Park. He was what the organization needed to lead the charge for an expanding mission. His managerial, accounting, organizational, networking and leadership skills are acknowledged.	Ron is and must continue to be focused on winning grant opportunities. If his team can win funding for the proposed incubator project, he will have moved the organization to the next level of community respect and admiration. This must be his first priority above all others. He must dedicate all resources to this effort.	We must seek other opportunities to apply for and win more grant funding. We can not afford to rely on rental income if we are to achieve our potential as a first class research and development park. Let's get Innovation Park filled to capacity and then work with the City and County to establish a first class industrial park. Ours is the only city I've ever lived in that did not have one.
Salter	Ron provides consistently steady leadership of the Park.	I would like a bigger vision of the Park that looks to the long-term and places the Park in a position to lead in the community. We have a lot of moving parts right now, but with all that is possible with the airport, I feel like we are just on the sidelines, not in the game. I'm excited about the potential for the incubator, but we also have a huge opportunity to be at the center of what Tallahassee will be.	none

 Goal: Construct and equip the incubator by December 31, 2020 and have 50% occupied by December 31, 2021 a) Construct, equip and open the incubator 	
i) Obtain EDA grant and secure partner matching funds	 2/19 Grant was not awarded; expecting another Federal Funding Opportunity (FFO) soon; disaster supplement bill approved and signed by President. Intent to submit grant application as soon as released and accepting applications. SHPO reported following investigation no archeological issues impacting the site; letter was submitted to EDA—still valid for next application Met with EDA 7/25/19 to review status of FFO expected in week(s), review the project and setup opportunity for his early preview of our application to receive feedback. Need to demonstrate how the project will meet EDA priorities 25% of project will need to be paid by LCRDA and partners before we can begin submitting for reimbursement

Strategy	Status
	 If selected to continue in award process, will need to provide legal opinion regarding lien on building for 20 years or a covenant of use and purpose 9/17/19 Applied for 2019 EDA Disaster Supplement Grant—awaiting response
ii) Hire architect to manage Design-Bid-Build	 Completed Collins renovation for offices/temporary incubation space/programs Begin for the new incubator after funding identified
iii) Create non-profit to solicit additional needed funds and manage incubator	 Non-profit incorporation, bylaws, loan agreement completed EIN received, bank resolution approved, insurance applied for 501(c)(3) application completion in process Worked with Counsel on "Membership Agreements" rather than leases Considering best structure for temporary incubator prior to receipt of 501(c)(3) status MT developed policies, procedures and other documents to run the incubator/accelerator
iv) Equip the incubator	MT working on sourcing, but need a place to put equipment
b) Create new/restructured programs	 MT presented SBIR/STTR Accelerator Plan to Board 4/19; will initiate the program accepting members 10/1/19. One applicant to the program has been identified—See MT's report
 i) Collaborate with partner/community programs that can feed the incubator 	 Community is experiencing excess supply of entrepreneurial education opportunities
 Provide a technology company focused pre-incubation education component 	 Communicated with EEP supporters regarding status of the program Working with community partners to see where EEP can continue to serve small business startups while transitioning our program to technology focus Intent is to build pipeline of tech-focused startup ready for incubation
iii) Restructure Tech Grant Program to provide funding to feed companies into incubation program	Will transition to this as incubation program established
iv) Develop jointly with university partners a front door for private sector access to university assets	• New lab tenant has initiated the conversation regarding their needs which we will use to work with universities to begin developing a program; he has already worked out a relationship with FSU and we will work with him to document what he learned and formalize a process.

Strategy	Status
	 Initial conversations have been held with FSU Office of Commercialization which supports the potential for us to act as the front door
2) Goal: Asset Maximization & Readiness	
a) Maximize the value of park assets	
i) Develop a renovation plan for the park	Additional assessment still to come; Projects in process or completed:
	 Facilitate and oversee Collins Renovation Renovations completed Moved LCRDA offices and occupied 8/23/19. Added/upgraded access control systems/video doorbells Purchased furniture and equipment for new offices/breakroom/conference/training rooms Signed lease with anchor lab tenant for 1070 sf @17 per sf Readied lab for occupancy including filling trench drains with concrete, replacing flooring, and added tenant required electrical connections Worked with contractors to inspect, repair and certify chemical fume hoods and other equipment Purchased water filtration system for shared use in the lab Assisted new tenant with equipment moving and installation
	Trail construction underway with completion expected 3 rd week of October
	Dock has been demolished and removed from Central Pond
	Working to relocate Knight tenants in anticipation of Knight Building RFI

FAST Grant Debrief – Aug. 30, 2019 with Brittany Sickler (SBA)

Overview:

- 42 applicants 24 awards
- "Very tight scores"
- Florida was very close "middle" hinted that we were 25th
- "No strong recommendations"
- "Nothing was wrong with the proposal"
- "Perhaps expand the regional reach"

Strengths:

- Collaboration: network / across ecosystems / partner list
- Past Performance: strong history /current seminar offerings
- Risk Management
- Project Design

Weaknesses:

• No poor ratings

Average scores:

- Target Market: Outside of Opportunity Zone (but in close proximity / service reach)
- Program Details: "somehow" describe the specific activities clearer
- Project Management: "no comments or recommendations, yet average score"
- Other Comments: "...was a valid proposal" (reviewer comment)
- Tier 1 State Florida #10 for SBIR awards

Conclusion:

- Increased / strong competition this year
- No poor ratings
- Encouraged to re-apply
- May get tougher: Watch for FAST Fix Act (see below)

June 27, 2019 - U.S. Sen. Jim Risch (R-Idaho) introduced S. 2023, the FAST Fix Act of 2019, legislation to level the playing field for rural states to better compete for Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) awards. The legislation is cosponsored by U.S. Sens. Mike Crapo (R-Idaho), Jacky Rosen (D-Nev.), John Hoeven (R-N.D.), Shelley Moore Capito (R-W.Va.), and John Kennedy (R-La.).

FAST grant submitted June 25, 2019 (one-month turnaround)

- \$125,000 usually funded for five consecutive years (\$625,000)
- Not selected noticed Aug. 26th
- 42 applicants 24 awards (13 repeat organizations)
- · Innovation Park proposal exceeded minimum scoring for recommendation
- · However, not in the top selection pool
- Recommendations and feedback
 - Florida is #10 for states with the most SBIR/STTR awards (15 states in low priority Tier 1)
 - · Innovation Park not in an Opportunity Zone (SBA Investment Priority)

Proposals were evaluated by panels of reviewers from SBA, NASA, Missile Defense Agency, Office of Naval Research, and NIH...based on the number of Phase I awards in each state

"... a number of these awards are going to partners that are located in **Opportunity Zones** where job creation and investments are moving forward to revitalize communities"

- Acting Administrator Pilkerton
