Judging Criteria	MAX SCORE	SCORE	Questions/Feedback for Applicants	
Innovative Quality (30 Points)				
Compared to competitors in its field, the idea is clearly different, better, or will cost far less	10	2	Google apparently had a failed attempt at creating a product that the applicant described as one which would solve the same problem they are seeking to solve in a similar manner. The applicant said this project did not gain traction but did not identify why this was the case and how their robotic shopping cart would avoid the same pitfalls	
The problem to be solved is significant in terms of the number of people affected and the quality of the benefit produced	10	2	No market size has been detailed	
The technology is potentially disruptive or very risky, but also of potentially high reward if successful.	10	6		
Sub-Total	30	10		
Commercialization Plan (30 Points)				
Product development has been initiated.	5	1	It is not clear if a product has actually been developed or if this is conceptual at this stage	
A prototype is available and has been tested.	5	1	see above	
A company has been established.	5	5		
A patent application has been filed or granted.	5	0		
The commercialization strategy is logical and feasible.	5	2	A subscription based model for revenue has been mentioned but not described and price points have not discussed	

The management team has the expertise to execute the commercialization plan.	5	2	This is a solo venture
Sub-Total	30	11	
Impact of Technology Commercialization Grant (20 Points)			
\$15,000 will make a substantial difference to the project.	10	2	No description for use of funds has been given
Local publicity will help the company significantly.	5	2	
The company will foster economic development (job creation) in Leon County	5	0	No headcount or proforma has been provided
Sub-Total	20	4	
Image and "Gut Feel" (20 Points)			
The project fits the mission of the Authority to help commercialize technology and its success will reflect positively on the Authority	10	5
